

SUMMARY

Experienced frontend developer with 4.5+ years of experience in developing responsive web application using React.js and Redux in OCP Environment. Collaborated with a team of 15+ members to deliver high-quality code through CI/CD techniques. Demonstrated extensive domain expertise in the banking industry.

SKILLS

- Language- JavaScript/ES6, TypeScript.
- Library- React.js, Redux, Redux Toolkit, Material UI, Axios and React-Hooks.
- Cloud Platform- OpenShift Container Platform (OCP).
- Dev Tools- Jenkins, Git, Nexus, SonarQube, Postman, Cucumber, Web Accessibility.
- Testing Tools- Playwright, Jest and React Testing Library.
- Other Skills- HTML5, CSS3, Site Catalyst, Leadership, Communication, Teamwork.

EXPERIENCE | PROJECTS

Infosys	June 2024 - Present, Noida
Senior Associate Consultant	
Data Services - Telecommunication Services	
- Developed web application using React.js, JavaScript and Material UI. - Leveraged Redux and redux-thunk to share the data between components with complex flow. - Implemented Web accessibility technique that insure 100% access and usability for all users, regardless of their disabilities. - Used testing technologies Jest and React Testing Library for unit testing, resulting in a 30% reduction in software defects and improving overall code quality. - Conducted comprehensive software testing, including Acceptance (UAT), Integration (SIT) and Performance, resulting in a 20% reduction in critical defects.	
Capgemini	Apr 2022 - June 2024, Noida
Consultant	
Personal Loans Application - Financial Services Domain	
- Developed responsive web pages and reusable components. Which includes- Design of UI using React.js 18.2.0, Service Integration with backend, Code Coverage, deployment and Automation testing. - Leveraged JavaScript library- Broadcast Channel and window properties to prevent duplication of tabs in same browser which reduces 20% critical production defect. - Implemented Web accessibility technique that insure 100% access and usability for all users, regardless of their disabilities. - Used testing technologies Jest and React Testing Library for React application, resulting in a 30% reduction in software defects and improving overall code quality. - Implemented and Configured Playwright with Cucumber for writing and executing test suites, which results 50% effort in manual test cases. - Conducted comprehensive software testing, including Acceptance (UAT), Integration (SIT) and Performance, resulting in a 20% reduction in critical defects. - Streamlined the software development workflow by implementing Jenkins, Git, CI/CD, OCP blue-green strategy & Nexus and reduced build and deployment time by 50% resulting 50% reduction in deployment downtime. - Experienced monitoring tools Glassbox, AppDynamics, Instana, and Kibana, achieving a 40% decrease in application downtime and ensuring efficient monitoring.	
Cognizant	Jan 2020 - Apr 2022, Bengaluru
Programmer Analyst	
Asset Owner Home Page - Financial Services Domain	
- Developed React.js based Dashboard and reusable components from scratch. Which includes- Design of UI with React.js 16.8 and Communication between components with Redux. - Analyzed and resolved the defects/bugs reported by QA and Design Team. - Experienced in deployment of the code using Jenkins, Git, RTC Build. - Conducted comprehensive software testing, including Acceptance (UAT) and Integration (SIT) resulting in a 20% reduction in critical defects. - Implemented Dark Mode of react components with Context API which increases 20% code efficiency. - Utilized Agile models with RTC as a tracking tool and noted down MOM(Minutes-of-Meeting) for daily meeting, resulting in a 20% increase in team productivity and a 15% reduction in project delays.	

EDUCATION

Bachelor of Technology - Computer Science & Engineering
Babu Banarasi Das University • Lucknow • 2019

CERTIFICATIONS

- Certification on ES6 JavaScript & React.js - A complete developer's guide, Udemy Business.
- Cognizant Industrial training on React.js, ES6, JavaScript, HTML, CSS.
- Certification on React & Redux, Coursera Business

REWARDS

- Pat on Back Award for H2-2022 in Capgemini.
- Pat on Back Award for H2-2023 in Capgemini.
